

## SURRENDER OF CRONJE. MAJUBA HILL AVENGED.

### Entire Boer Army of 4,000 Captured By Roberts

## UNCONDITIONAL PRISONERS IN THE BRITISH CAMP

Occurrence of This Capitulation on the Nineteenth Anniversary of British Defeat at Majuba Hill Causes Joy Throughout England—Boers Are Now Gathering a Vast Army Near Bloemfontein to Resist the Advance of Gen. Roberts Towards Pretoria—Danger of the Dutch Revolt in British Colonies Is Increasing—Cronje will Be Sent As a Prisoner to Cape Town.

London, Feb. 27.—[Special Cablegram]—Majuba Hill is avenged. Gen. Cronje and his entire army of about 4,000 men has surrendered to Gen. Roberts at Paardeburg.

Nineteen years ago today the British, under General Buller, suffered a serious defeat at Majuba Hill, and for nineteen years the event has rankled in the hearts of the English nation. For nineteen years it has been celebrated as a great festival for the Boers, and all England was praying today that the killing of Colly and his men might be avenged, and on Roberts and Buller they were pinning their hopes. Either Cronje's surrender or White's rescue was demanded. Now the former has come to pass, and all England is wild with joy.

The news of Gen. Cronje's Surrender came in an official dispatch from Gen. Roberts, posted at the war office at 9:45 o'clock this morning. The dispatch says:

"Paardeburg, 27th, 7:45 a. m.—Gen. Cronje and all his force capitulated unconditionally at daylight this morning and is now a prisoner in my camp. The strength of this force will be communicated later. I hope her majesty's government considers this event satisfactory, occurring as it does on the anniversary of Majuba Hill. ROBERTS."

The queen, immediately upon receipt of the news of the surrender of General Cronje sent a telegram of congratulation to Gen. Roberts.

The news of Cronje's surrender reached London this morning during a heavy downpour of rain and spread by word of mouth before the extras appeared. The usually staid Englishmen became for a moment insane with joy.

The proceedings on the Stock Exchange opened with the singing of "God Save the Queen." Pall Mall was thronged and the war office was packed with shouting crowds. Congratulations were exchanged on every side.

The fact that this day is the anniversary of the battle of Majuba Hill adds to the effectiveness, carrying as it does revenge for the disastrous defeat the British sustained nineteen years ago.

The forces surrendered by General Cronje are estimated to number from four to six thousand.

The event will have a far reaching effect. It opens the southern Free State to the British, isolates the Boers in northern Cape Colony and more than likely frees Ladysmith, the news of which is expected today.

### SURRENDER TO GEN. KITCHENER

Meeting of Roberts and Cronje After the Boers Capitulated.

New York, Feb. 27.—[Special Telegram]—The Evening Journal publishes the following from Paardeburg:

Gen. Cronje sent an officer through the British lines with a flag of truce. The officer said he had a message for the British general in command. He was taken to Gen. Kitchener, to whom he said Gen. Cronje was willing to surrender, having found his position untenable and only defeat and capture in prospect if he continued the fight. He wished to avoid the useless shedding of blood and save the women and children, and requested that they be given a safe conduct.

Kitchener granted the request so far as the women and children were concerned, but insisted that the surrender in all other respects be absolutely unconditional. To this Cronje agreed.

The Boer commander at once left his laager, escorted by a half dozen officers, and at once entered the British lines. He was met by Kitchener, who immediately brought him to the headquarters of Gen. Roberts.

The greetings between the rival generals were kindly—extremely sympathetic on the part of Roberts, who has a great admiration for his captives, and brave and dignified on the part of Cronje.

The condition of affairs in the Boer camp was something frightful. The food was entirely exhausted, except the trek cattle, which were eaten as rapidly as they were killed by the British shells. The ammunition had given out and most of the artillery was badly damaged by the British fire. Most of the wagons were burned. Everything possible is being done to alleviate the condition of the captives.

### The War Has Only Just Begun

Brussels, Feb. 27.—[Special Cablegram]—The Boer legation here is disconsolate today over the surrender of Cronje. The secretary of the legation said the surrender was expected in view of the vast force opposing the handful of Boers. He declared that Cronje's heroism will strengthen the determination of the Afrikaners and that the war has only just begun.

### PREPARING TO MEET ROBERTS

Boers Will Dispute British Invasion Near Bloemfontein

London, Feb. 27, 4:20 p. m.—The Boers are assembling an army near Bloemfontein with which to dispute the invasion of Lord Roberts. This intelligence comes from Pretoria by way of Lorenzo Marques. The commandoes are described as "hastening from all quarters of the two republics."

No estimate is made of their numbers, but the withdrawal of the Boers from most of the places where they have been in contact with the British except the district near Ladysmith, may raise the resisting force to 30,000 men. This figure assumes that the Boers have between 60,000 and 70,000 men in the field.

The gathering of this army across the path of Lord Roberts gives significance to Gen. Cronje's steadfast defense. He has engaged the corps of Lord Roberts for ten days now, and whether he is relieved or not, he has given time for the dispersed Boer fractions to get together and to prepare positions to receive the British advance when Cronje is overcome and Lord Roberts moves forward.

### Danger of Revolt Increases

The danger of a Dutch revolt in the British colonies long since believed to have been averted, is now known to be imminent. All advices show the movement is gaining in strength and it is apparent that the farmers are well organized and only awaiting the signal to take up arms against the British.

The Brussels correspondent of the Daily Mail says: "As a result of special inquiries in Boer circles here I am able to corroborate fully the reported danger from the intrigues of the Afrikaner bond and the coming congress. Unless the ends of the bond are otherwise attained it will fan the flame of rebellion throughout the colony."

### Will Send Cronje to Cape Town

London, Feb. 27.—[Special Cablegram]—A supplementary message was received from Gen. Roberts late this

afternoon. He says that there was discord and depression among the Boer troops and he determined to take advantage of the situation by pressing harder on the enemy. At three o'clock this morning three regiments advanced and fixed themselves within eighty yards of the Boer trenches, this Roberts said, apparently clinched matters for at daylight a notice of surrender came. Cronje will be sent to Cape Town this afternoon.

### MacDonald's Wound Silent

London, Feb. 27.—The Rt. Hon. George J. Goschen, first lord of the admiralty, in introducing the navy estimates in the house of commons stated that the amount of money necessary for the mobilization of the fleet had not been included in the naval estimates. The government, he said, did not think the time had come for taking that step, and hoped it would not be necessary to take any such action. The estimates amount to £27,500,000, an increase of £30,000 over 1899. Mr. Goschen stated that Great Britain now had 258 seagoing ships and 56,000 men—double the number of men and 100 more ships than she had in 1889. The appropriation for guns, he said, included provision for new 4.7 inch and 112-pounder guns.

### One Consequence of the War

London, Feb. 27.—Old established stationers here say the demand for mourning paper is greater now than at any time since the cholera epidemic of 1848-49.

## FAILURE OF THE BIG FLOUR TRUST

Receivership Action as Part of a Great Scheme to Reorganize

## TO FORM NEW COMBINE

Insufficient Working Capital Said to Have Been Cause of the Failure

### Friendly Suit Brought in Three States

By Majority Stockholders in Anticipation of Action By Minority Which Might Have Obstructed New Plans of Operation—Financial Troubles Due to Failure to Sell Bond Issue For Purchase of Mills.

Milwaukee, Wis., Feb. 27.—Judge Jenkins of the United States court, yesterday afternoon appointed the following receivers for the United States Flour Milling company: Daniel Thomas, New York; Albert C. Loring, Minneapolis; Charles E. Kimball, Summit, N. J. The bill asking the appointment of the receiver places the liabilities at \$17,095,200.

By this action the great combination, which was intended to consolidate into a trust all the flour mills of the country, is declared insolvent.

The list of mills owned by the company include:

The Daily and East-Krums mills of Milwaukee; The Syracuse, Baldwinville, and Urban mills of New York; The Lake Superior, Anchor, and Listman mills of West Superior; The Imperial mills, at the Terminal Elevator company at Duluth; The Excelsior, Standard, and St. Anthony mills in Minneapolis.

### Also Owns Other Stock

Besides these, the company owns 95 per cent. of the capital stock of the Hecker Jones Jewell Milling company of New York and of the Northwestern Consolidated Milling company of Minneapolis.

The capital stock of the United States Milling company is \$25,000,000, and it was organized under the laws of New Jersey.

The order was entered by Judge Jenkins upon petition of George William Bollow of New York, holder of 500 shares of stock, the per value of which is \$500,000.

The petitioner sets up that the United States Flour Milling company is insolvent and unable to pay its debt now due, and which soon will be due, and is unable to carry on its business—the manufacture and sale of flour.

### Part of Reorganization Plan

The court proceedings instituted are for the purpose of extricating the company from financial difficulties, which the managers have been unable to overcome. The trust is not to be dissolved, but the work of reorganization, which has been on for some months, is to continue and out of the maze of legal proceedings which will wind up the affairs of the United States Milling company, a new company to be known as the Standard Milling company will come.

This new company will control all of the properties which are now controlled by the trust, and more properties may be acquired.

## TO FIGHT THE COAL TRUST.

Residents of Champaign and Urbana Organize a Company.

Champaign, Ill., Feb. 27.—A coal mining company has been organized in this city which is intended to wage war against trusts at least so far as its part of the country is concerned. Seven years ago a number of farmers living in and around Muncie, Ill., 22 miles east of this city, organized a coal mining company, dug a shaft, found a good vein of coal, but failed in the attempt to operate the mine and make it pay. The company just organized in this city bought the mine and has begun the work of overhauling the machinery, etc. The average put of the mine has been fifteen car loads a day.

## BIG FIRE IN MONTREAL.

Theatre Francaise and Nearly an Entire Block Burned.

Montreal, Feb. 27.—The Theatre Francaise and nearly the entire block on St. Catharine street, between St. Dominique and Cadieux streets, was burned.

The properties destroyed besides the theatre are: St. Germaine's barber shop; saloon owned by "Tip" O'Neill, a well-known ex-baseball player and umpire; Grothe's jewelry store, Welsch's confectionery store and the establishment of M's. Bernard, dressmaker. The total loss is about \$100,000.

### Chinese Cooks Next to the French

Second only to the French are the Chinese when it comes to culinary skill, and with simple materials they will contrive to put together a meal which would shame an ordinary American cook. In peasant families the wife or daughter does the cooking, but in the larger establishments the cooks are invariably men.

## BOND FAMILY LONG-LIVED.

Its Members Have Remarkable Record For Golden Weddings.

Auburn, Ind., Feb. 27.—William C. Bond, 92 years old, who lives near Richmond, attended the celebration of the fiftieth anniversary of the wedding of his daughter, Mrs. Ellis H. Wright, Friday, at Bellevue, Ohio. Mr. and Mrs. Wright attended the golden wedding of Mr. Bond in 1880 and gave him a gold headed cane. At that time Mr. Bond said he would return the cane at his daughter's golden wedding, and he did so. Mr. Bond's wife died in 1888. Nathan Bond, a brother of William C. Bond, celebrated his golden wedding in 1878. He and his wife lived ten years afterward. Oliver H. Mendonhall, who married William C. Bond's sister, Lydia, celebrated his golden wedding in 1890. Both are still living. Aaron Ellis Locke, brother of Mrs. William C. Bond, celebrated his golden wedding in 1874. He died eight years later, and his wife lived ten years after the celebration. Fred V. Snider, who is related to both the Wright and Bond families, celebrated his golden wedding in 1876. All these golden weddings, except that of Mr. and Mrs. Wright, were celebrated in Indiana.

### Oshkosh Wants State Fair

George McKerron, acting president of the state board of agriculture, said today that Oshkosh had made a liberal offer for the next state fair. While the question of the location of the next state fair has not yet been definitely decided, the general impression is that it will not be removed from Milwaukee. The board will meet here on March 6 to take final action on the matter.

### Corbett Trial Next Week

Racine, Wis., Feb. 27.—One week from today the March term of the municipal court will convene. There is only one case on the criminal calendar, that of the State of Wisconsin against Henry F. Corbett, the picture agent, charged with assault and intent to kill the Rev. and Mrs. David B. Cheney. The accused man is still at St. Luke's hospital, and it is not likely that he will be brought back to jail before the day of his trial, which may be called for Tuesday or Wednesday. He has almost recovered his health, is in good spirits and confident of acquittal. On the other hand, the state claims to have strong additional evidence. Mr. Cheney has almost recovered from his wounds, but carries the two bullets fired by the assassin, in his body. Mr. Cheney is far from being well, and it is doubtful if she ever fully recovers. A bullet is still lodged in her neck.

### Recommend a Beer Baptism

Manitowoc, Wis., Feb. 27.—Baptism with beer as a preventive of intemperance is advocated by a curious document on file in the office of the register of deeds in this county. The party making the certificate says that he and his thirteen children were baptized as infants by being allowed to smell a glass of pure lager beer. He contends that this will save the child from either becoming a drunkard or voting the prohibition ticket.

## ADDICKS RENEWS HIS FIGHT.

Union Republican Party Convenes in Dover Tomorrow.

Dover, Del., Feb. 27.—That William Addicks intends to renew his fight for recognition at the Republican national convention in Philadelphia in June is evidenced by the fact that the members of the Union Republican party, of which Addicks is the leader, are gathering here for the purpose of holding a state convention tomorrow, which is also the date selected by the regular faction for their state convention. Everything points to the selection of two sets of delegates at large to the national convention, with the prospect that the well-remembered contest at St. Louis four years ago will be repeated at Philadelphia in June.

## COMPROMISE ON PORTO RICO BILL

Duty is Cut From Twenty Five to Fifteen Per Cent.

## TERM IS TWO YEARS

Party Leaders Plead in Vain With President to Change His Stand.

### McKinley Simply Says He Will Sign

But Does Not Agree—Act is Declared to Be Provisional and to Meet a Pressing Temporary Need For Revenue—Leaders of the Dissenters Claim the Bill is Beaten By Pledged Votes.

Washington, Feb. 27.—[Special Telegram]—A canvass of the house on the Porto Rican bill this afternoon, it is said, finds the bill five short of a majority.

□ Cannon of Illinois, created a sensation in the house today during a speech on the Porto Rican bill. He declared that the tobacco and sugar in Porto Rico, awaiting shipment to the United States, was not owned by poor Porto Ricans, but by the sugar and tobacco trusts and to let them in free of duty would put millions into the pockets of the trusts.

Washington, Feb. 27.—Last night the republican leaders of the house were forced to accept a compromise in order to save their Porto Rican bill from defeat and even yet the result is in doubt. At a conference of the Republican members held in the hall of the house a motion was adopted reducing the tariff in the proposed bill from 25 to 15 per cent. The vote standing 106 for to 11 against. The members of the ways and means committee had decided to stand out for the whole 25 per cent, and the adoption of this proposition was regarded as a defeat for the committee. The committee had proposed to amend the title of the bill to make it read "an act to provide revenue temporarily for the island of Porto Rico," and also adding a new section reading as follows: "This act shall be taken and held to be provisional in its purposes, intended to meet a present pressing need for revenue in the island, and shall not continue in force after March 1, 1902."

### May Yet Beat the Bill

This was far as the committee was prepared to go in the way of concessions but the opponents of the bill force them to accept the reduction to 15 per cent, though without pledging their support to the measure.

Previous to the meeting of the caucus the Republican members of the ways and means committee had been busy all day trying to win support for their unpopular measure. Messrs. Payne and Dalzell visited the President and urged him to come out in some formal way giving his assent to the bill.

This the President declined to do. The Republican managers of the bill pleaded with him for an hour but were not able to shake the President's determination.

In the afternoon the whole Republican membership of the ways and means committee called at the White House and renewed their pleas for the assistance of the executive but again without avail.

## TREATIES OF EXTRADITION.

Soon South America Will Not Be a Criminal's Refuge.

Washington, Feb. 27.—Full powers have been sent to Henry L. Wilson, United States minister to Chile, to sign a treaty of extradition he has negotiated with the Chilean government. Progress is being made in the negotiations for a treaty of extradition with Brazil, and it is expected that ratifications will soon be exchanged with Argentina, with which a treaty of this character was signed several years ago. South America has long been a refuge for American criminals, and it is to prevent their receiving protection in Brazil, Argentina and Chile that the state department has been anxious to conclude extradition treaties. It is the purpose of the administration to continue negotiating extradition treaties until all nations are bound to surrender criminals who have fled from the United States.

The concert which was to have been given at the Y. M. C. A. hall Friday evening of this week has been postponed. Watch for the date later.

A boxing match took place in the opera house Saturday evening and was witnessed by a good sized audience. Henry Cheesman was chosen referee and the affair passed off in a strictly proper and unexceptionable manner.

The floor of the postoffice still bears the marks of the recent accident to the coal stove in which it tipped over and live coals were tipped upon the floor. But for the fact that a pail of water stood in the room the office would probably have been destroyed.

There was a large attendance at the Y. M. C. A. rooms on Thursday evening to listen to the lecture by Col. Kimberley of Janesville. It is needless to say that the audience was delightfully entertained.

Joseph McMichael is critically ill with lung trouble, and his recovery is a matter of some doubt.

From an annual report of the Columbia creamery, located at Allen Grove, and of which John W. Stoney of Clinton, is president, we find that the factory received a daily average of 15,544 pounds of milk during the year ending December 31, 1899. The average price per 100 received by the farmers for milk was 82 cents. Milk testing 4 per cent brought 85 1-5 cents. Butter fat averaged .213c.; butter, 202c.; the average test of the factory was .335; average yield .445. It cost 13 cents to make a pound of butter. The factory paid to the farmers an average of \$900 each during the year. There remained in the treasury, \$445.

J. R. Butler and wife returned Friday to their home in Glencoe, Minn., after a pleasant visit with relatives in Clinton. Mr. Butler is a brother of Assistant Postmaster Butler.

Elbert Goodsell's mother, who lives at Freeport, was badly injured recently by a runaway horse.

Washington's birthday anniversary was pleasantly celebrated at Mr. and Mrs. V. E. Winegar's on Thursday last. The rooms of their spacious house, corner of Main and Milwaukee street, were becomingly decorated for the occasion with the stars and stripes. A large company of invited guests gathered in the evening and were agreeably entertained with instrumental and vocal music.

Prof. Loveland, much to his inconvenience, buried his hand one day last week while emptying the ash pan of a stove.

The families of Mrs. Lote Taylor and daughter Maude, W. C. Iles and daughter Ina, and C. F. Resig, all Clinton people at one time, are now or will soon be residents of Kopeka, Kan.

The hog market last week was unsettled and lower. Shippers who paid \$3.80 in the country, got it where "the chicken did the ax," and the farmer got Chicago price, or very near it. At the close of the week \$3.60 was the outside figure. Shipments of carload freight included two of hogs by Vincent & Hasenger; three of corn, and one of barley by G. R. Fetherston; three of tobacco by Soverhill & Porter; and one of cats by J. S. Fetherston.

Rev. George W. Burdick occupied the pulpit at the Seventh-Day Baptist church Saturday morning, in the absence of the pastor.

The donation party for the benefit of Rev. F. B. Sherwin on Washington's birthday, was a success, socially, gastronomically and financially, the receipts being in excess of fifty dollars. "Breakers of the Bread of Life" in Milton seem to fare well at the hands of parishioners and citizens.

There will be a donation party at the parsonage of the F. B. church, North Johnston, for the benefit of the pastor, Rev. A. Longfield, on Thursday, March 8. The pastor's daughter, Edna, a sufferer for years with hip disease, is being successfully treated at a large expense and for this reason it has been thought best to give him a donation, independent of his salary. A cordial invitation is extended to everybody to help in this good work.

TOWN OF ROCK WAS  
IN FRONT AS USUALWON THE BIG PRIZES AT THE  
MIDWINTER FAIR.

Mesdames Baines, Kilmer and Fisher Captured Prizes For Display of Kitchen and Dairy Products—Joseph B. Humphrey Also Took a Blue Ribbon—Afton News.

Afton, Feb. 27.—The town of Rock maintained its prestige as a premium winner at the Midwinter fair last week, and her residents have again demonstrated their ability to wage a successful contest in the various departments open for competition. Great interest naturally centered in the bread contest this year inasmuch as the premium offered for the best loaf was of a character to warrant the liveliest kind of a scramble among the good housewives of Rock county. And they responded nobly, as was attested by the one hundred and ninety-nine loaves submitted for the judges' inspection. And it might be pertinent to remark right here, in passing, that no other country in all these great United States can beat the Rock county article when it comes to bread. Quite natural it is then, for us to be proud of the fact that Mrs. Charles J. Baines, of our town, was adjudged the winner of the elegant fifty dollar steel range, an honor which has caused her to be made the modest recipient of many congratulations. Others of our town who captured prizes by the display of tempting products of the kitchen and dairy were Mesdames C. J. Kilmer and E. W. Fisher. But honors for the town of Rock did not end with these triumphs in the culinary department. Joseph B. Humphrey, proprietor of Oakwood Stock farm had used a bit of his spare time this winter in the perusal of one of the 222,000 copies of "David Harum" at present in circulation and when he read the last chapter he was a more enthusiastic horseman than ever. So enthused was he in fact, that he hooked up his well groomed carriage horses and went out after that eight dollar radiator, offered as a first premium, and with very satisfactory results, the judges awarding him the blue ribbon (and the radiator) in the face of strong competition. Mr. Humphrey also won fourth premium on gentleman's driver. James Carroll of Willowdale, was another town of Rock farmer who carried away prizes in the horse department, his specialty being drafters, while Anthony Dixon captured several premiums with his drivers. With these victories achieved in the respective realms of the housewife and the horse, any community might well feel content, but Rock had one more demonstration yet to make. Wm. J. Miller, as chairman of the town, was anxious to show his colleagues on the county board the productive qualities of the soil which he represents and so he took up a bushel of oats, which the judges readily pronounced "best" and awarded him the ten dollar set of hay slings, while the second premium went to Philip Gundel, also of our town. Chairman Miller and Mr. Gundel also came in for recognition from the judges when it came to heavy oats, the former capturing second and the latter third prize in that contest. Thus it is that the town of Rock with characteristic modesty, feels that she can call attention to the record of her achievements, inasmuch as it is one in which she can take a just pride.

Mr. and Mrs. Albert Nehls have welcomed another little girl into their home circle.

Owing to the prevailing cold weather, no services were held at the Baptist church last Sunday.

The Modern Woodmen will meet in regular session next Saturday evening.

William Brinkman's residence and creamery is the latest addition to the telephone service in Afton, a phone having been placed therein last Saturday.

The prospects are good for the location of a physician in Afton at an early day. An M. D. of thirteen years experience is corresponding with local parties with a view to hanging out his shingle here.

Miss Lois A. Waite left for Harvard, Ill., last Friday and after a short visit with relatives there will go on to Chicago in search of the very latest ideas in millinery. She has accepted a position with a Janesville firm for the coming season.

"The Mill Cannot Grind with Water That's Past."

This is what a fagged out, tearful little woman said in telling her cares and weaknesses. Her friend encouraged by telling of a relative who had just such troubles and was cured by Hood's Sarsaparilla.

The little woman now has tears of joy, for she took Hood's, which put her blood in prime order, and she lives on the strength of the present instead of worrying about that of the past.

SIX CORNERS.

Six Corners, Feb. 27.—The W. C. T. U. ladies will serve an oyster supper at the home of S. G. Bond on Wednesday evening, March 7th. T. J. Palmer of Oshkosh spent Sunday with his parents Mr. and Mrs. John Palmer. Joe still holds a position in the Northern Hospital for the Insane situated near the city of Oshkosh. John Miller of Fort Atkinson transacted business at the Corners Saturday. Mr. Hayward is making use of the large power windmill on the Marquart place by sawing his summer wood with it. Ed. Clark came up from Sterling, Ill., Friday and expects to make his home near the Corners again this summer. Supt. David Throne was in the vicinity last Monday and paid the school a visit the first for a long time.

LA PRAIRIE

La Prairie, Feb. 27.—Last Saturday was a breezy day, causing black snow banks as high as the fence, in many places. Midwinter fair is over, and everyone in this locality wears a broad smile on account of fine prizes won. Bradford must not crow too loud over the beauties for the twin babies who won a special prize, for their parents were born in La Prairie. Don't forget the dance next Friday evening. All who attended the silver wedding of Mr. and Mrs. Conroy, report a very pleasant time. Mrs. Hattie Whipple has been spending a few days with her sister in Iron Ridge. A large delegation from this place attended the Rebecca dance in Janesville, and report a very fine time. The dancing party at Shopiere last Monday was a very pleasant affair to all who attended from this way. U. E. Gleason, instead of C. M. Larson, won first prize on barley at the fair.

Running a Boiler Explosion.

Ypsilanti, Mich., Feb. 27.—Boiler No. 1 at the Ypsilanti Paper company's Superior mill exploded Monday shortly after the night crew had gone to work, dislodging its four companion boilers, totally wrecking the boiler house and killing one employee, William Horton. Another, Martin Tull, was severely scalded. The boiler was carried a distance of nearly half a mile, and landed on the farm of A. J. Knapp.

Putting food into a diseased stomach is like putting money into a pocket with holes. The money is lost. All its value goes for nothing. When the stomach is diseased, with the allied organs of digestion and nutrition, the food which is put into it is largely lost. The nutriment is not extracted from it. The body is weakened and the blood impoverished.

The pocket can be mended. The stomach can be cured. That sterling medicine for the stomach and blood, Doctor Pierce's Golden Medical Discovery, acts with peculiar promptness and power on the organs of digestion and nutrition. It is a positive cure for almost all disorders of these organs, and cures also such diseases of the heart, blood, liver and other organs, as have their cause in a weak or diseased condition of the stomach.

There is no alcohol or other intoxicant contained in "Golden Medical Discovery."

Substitutions are imitations. Imitation money is worthless. So are imitations of Dr. Pierce's "Discovery." Get the genuine.

Mr. John L. Coughenour, of Glensavage, Somerset Co., Pa., writes: "I had been doctoring for about a year and a half, being unable to work most of the time. The doctor said I had heart disease and indigestion. My appetite was unusually poor. I was weak and nervous, and my heart kept throbbing continually, and I was short of breath. Finally I wrote to you for advice. I did not think your diagnosis was right, but I ordered six bottles of 'Golden Medical Discovery' and began its use. After using three bottles I began to improve slowly and soon went to work, and I have been working ever since."

Free. Doctor Pierce's Common Sense Medical Adviser, 1008 pages, 700 illustrations, is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper-bound edition, or 31 stamps for the cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

## CATHOLIC WOMEN HOLD ANNUAL BALL

One Hundred Couple At the Armory Last Evening—Delightful Function—Had a Merry Time.

One hundred couples participated in a most delightful dancing party held at the Armory last evening under the auspices of St. Mary's Court No. 175, Women's Catholic Order of Foresters. At 9 o'clock the grand march took place and from that time on until 10 o'clock all made merry.

The music was furnished by the Imperial orchestra and if one is to judge from the liberal applause bestowed the musicians made a good impression.

During the evening a quilt on which the ladies had sold chances was raffled off. Edward Murphy was the lucky man. James H. Burns conducted the raffia.

Light refreshments were served.

The committee of arrangements consisted of Mrs. Shields, Doran, Heffernan and Shekey.

The floor committee was composed of Dr. M. A. Cunningham, Harry O. Schmidley, John P. Joyce, Edward Jerg and John Heffernan.

## Report on Quar Case.

Washington, Feb. 27.—The resolution reported from the committee on privileges declaring that Matthew S. Quay is not entitled to a seat as senator from Pennsylvania was laid before the senate, and Mr. Taylor of Tennessee, who made the report, addressed the senate. He stated the material facts in the case and said: "For better would it be for the safety of the republic to establish the doctrine firmly and forever that, if the legislature of a state willfully and deliberately fails to perform the duty of electing a senator, the state should go unrepresented. Better that this senate may have vacant seats than have these disgraceful legislative contests that are now so common." The case went over.

## Subsidy Bill Reported.

Washington, Feb. 27.—In the senate the steamship subsidy bill was reported from the committee on commerce by its chairman, Mr. Frye, who stated that a report had been prepared, but required some modifications on account of amendments to the bill. Other amendments to the bill would be offered by Mr. Vest, a member of the committee. "It is my opinion," Mr. Frye declared, "that the immediate effect of the passage of this bill will be to insure within five years the construction of approximately half a million tons of new ships in American shipyards, and gradually—and I hope rapidly—put an end to our payment of \$175,000,000 to the foreign shipping during our foreign trade."

MR. COOPER'S IDEAS.

Congressman Henry A. Cooper, chairman of the House committee on Insular Affairs contributes a page article to The Milwaukee Sentinel on the subject of Porto Rico. In referring, editorially, to Mr. Cooper's statement, The Sentinel says:  
The constitutional question raised by the case of Porto Rico is stated in today's Sentinel by Congressman Cooper. Nobody has made, and nobody is likely to make, a better statement of it. What Mr. Cooper says is as clear as plate glass. It looks easy enough to be so clear as he is, but everybody who has tried and failed knows that nobody can see and explain such a complicated subject clearly unless he has intellectual powers of a high order. Another very uncommon quality appears in Mr. Cooper's article. He states the cases of persons with whom he does not agree as adequately as he states his own. Very few of us can do this—because most of us don't really want to, for one reason, also because it requires more imagination than most of us have to put strongly opinions which we do not hold.  
Passing from the constitutional question to Porto Rico and its inhabitants Mr. Cooper describes the island in words which bring it vividly before Wisconsin people, whom he is particularly addressing. Then he gives a little sketch of Porto Rican character, as revealed in the Porto Ricans who have appeared before the insular committee of which Mr. Cooper is chairman. In a few words he tells us their aims, and the difference between what they want and what the secretary of war proposes to give them. From one of them he quotes words which give a lively and an agreeable notion of the islanders' character and mode of thought. Mr. Cooper closes his article by calling attention to the argument of those who say that whatever may be done for Porto Rico will be a precedent for legislation about the Philippines. "For myself," he adds, "I am unable to appreciate the force of this argument. I do not believe that for congress to do the wise and right thing in one case is to create a precedent to do a foolish and wrong thing in another." Even people who do not concur in Mr. Cooper's opinion will admit that this is admirably said.  
A detailed expression of Mr. Cooper's opinions as to what should be done for Porto Rico must of course be sought in his insular bill. In the article published he has stated with exceptional lucidity some of the problems to be solved. One seldom comes across a writer in or out of public life who has such a talent for exposition as Mr. Cooper.

The following paragraph appears in the "Comments by a Republican" column of The Milwaukee Journal:  
If Gov. Scofield wants a third term he is more likely to get the nomination than any one whose name has been mentioned, for the simple reason that his conduct of his office during the present term has demonstrated beyond doubt that he is a man who is not ashamed to learn, and to put in practice for the public welfare that which he learns. His second term has been a decided improvement upon his first, in this respect, and few will doubt that it is safer to leave the state executive department in his hands for the next two years than to place it in the hands of any man without experience, and whose discretion as to the matters involved is wholly unknown.

The Viroqua Republican declares that General E. M. Rogers is in the fight to stay, and pays him a pretty compliment in recommending him to the republicans of Wisconsin a candidate for the gubernatorial nomination. General Rogers served in the "Iron Brigade," enlisting as a private, and working his way to a major's commission. At the close of the war he was made a lieutenant in the regular establishment. His candidacy is said to be particularly satisfactory to the veterans of the "late unpleasantness."

The bill to pay a reward of \$100,000 for the discovery of Senator Goebel's murderer will probably pass the Kentucky legislature. The truth comes high sometimes, but we must have it, Congressman Cooper is not only making a name for himself, but bringing credit upon Wisconsin as well. His ability is unquestioned, and now that his committee appointments give him opportunities, his fame is assured. None of the younger congressmen have ever approximated his success, and his future is certainly of the very brightest.

Judge Baensch writes The Milwaukee Journal that he is not and will not be a candidate for the republican nomination for governor. The action of the Dodge county republican committee in endorsing him, came as a surprise, although he fully appreciates the honor conferred.

The factional troubles in the republican party appear to be a thing of the past. It is well that this is true, and, to alter John A. Dix's famous saying to suit the circumstances, "if any man attempts to haul up a factional flag, shoot him on the spot."

A man who lives in Gainesville, Fla., possesses an abnormal throat, which enables him to hum two tunes at the same time. If this line should come to the notice of the democratic party, the Florida man's reputation will certainly be made—they'll run him for president.

Kansas City needn't think she is going to have the only Fourth of July celebration that ever occurred. Janesville is to have one that will eclipse all previous efforts in this line.

Good Farm Homes Cheap

The Chicago & Northwestern Railway Company owns 550,000 acres of hard wood timber land in Northern Wisconsin, which lands are now being offered to actual settlers at low prices. The lands are well located, afford railway, postal, church and school advantages. These lands should not be confounded with the pine stumpage lands now offered in this market. Land that grows pine is invariably sandy.

The C. & N. W. Tracts grow hard wood and cannot be excelled by any "openings" in the country.

The logs, posts and poles find ready sale at nearby saw mills, and when the land is once cleared excellent agricultural soil is the result.

Excursions will be run to these lands on Tuesday of each week, round trip tickets being sold at \$6.71

## E. BOYD NOTT DIES AT COLUMBIA, MO.

### MANY JANESVILLE FRIENDS MOURN HIS EARLY DEATH

Was a Bright Young Man Whose Future Seemed to Have Much in Store For Him—Death of Mrs. Raymond E. Warren and Mrs. Margaret Crandall.

E. Boyd Nott of this city, died at 5 o'clock this morning, at Columbia, Mo., where he had gone to attend the Columbia university.

No details as to his illness have been received. The first news of his sickness was received yesterday morning in the form of a telegram to his father, A. D. Nott, 254 Prospect avenue. The dispatch simply stated that the young man was seriously ill, and to come at once. Mr. Nott left for Columbia on the noon train yesterday, but was too late, as the telegram received today shows.

The circumstances surrounding the young man's death are very sad. He graduated from the Janesville High school in 1899, and at once entered Columbia College to study civil engineering. He was an exceptionally bright young man, and the future had much in store for him. He would have been twenty one years old on March 4, next.

Mrs. K. E. Warren, a highly respected resident of this city, died at 1:30 o'clock this morning. Her death took place almost without warning and was the result of child birth. Last evening Mrs. Warren gave birth to a son at 5 o'clock. The child died Mrs. Warren was the daughter of J. H. Boyd, a prominent farmer of the town of Harmony. She was thirty-four years of age and resided with her husband at 208 South Main street.

Mrs. Warren's death was sudden. Yesterday afternoon she was able to be up town. Her death will be mourned by many. Mrs. Warren had spent her life in Janesville and Harmony. She was united in marriage with Mr. Warren nine years ago.

Besides a devoted husband she leaves a father, two sisters, one in the town of Harmony and one in Chicago, also two brothers, one in St. Louis and one in St. Paul.

Mr. Warren is employed as superintendent of the Norcross electric light plant.

Mrs. Margaret Crandall.

From the First M. E. church at 2:30 o'clock yesterday afternoon funeral services were held over the remains of the late Mrs. Margaret Crandall. Rev. W. W. Woodside conducted the services at the close of which the remains were interred at Oak Hill cemetery. Mrs. Crandall's death occurred Sunday morning at 3 o'clock. She was the wife of Clarence Crandall and was forty-seven years of age.

Mrs. D. W. Davis.

Mrs. D. W. Davis died at her home corner of Vista avenue and Cottage Place, this morning at 4:30 o'clock after a lingering sickness from consumption at the age of 24 years. She leaves a husband and one daughter 18 months old. Funeral services will be held Thursday at 10 o'clock a. m. The interment will be made at Emerald Grove.

Mrs. Margaret Crook.

Funeral services over the remains of the late Mrs. Margaret Crook were held this morning at 9 o'clock from St. Patrick's church. Rev. E. M. McGinnity officiated and the interment was in Mount Olivet cemetery. The pall bearers were William Spicer Sr., W. C. Kober, William Spicer Jr., and Charles Hines.

## GREEN COUNTY FOLK LIKE MR. COOPER

Assemblyman A. C. Dodge of Monroe Talks Politics With a Milwaukee Sentinel Reporter.

Assemblyman A. C. Dodge of Monroe, is in the city in attendance upon the annual meeting of the Retail Lumber Dealers insurance company of which he is the president. In speaking of the political situation in the state Mr. Dodge said:

"In our part of the First Congressional district we are highly pleased with the course that has been pursued by Congressman H. A. Cooper. He seems to be almost the unanimous choice of Green county for a re-nomination."

"As a member of the last assembly I recognize the services of Judge Philo A. Orton to the state, and think it is due him that he be sent as a delegate at-large to the National Republican convention at Philadelphia. It was through his efforts that the State University and Normal schools were given appropriations of specific amounts instead of being dependent as heretofore upon a tax of a fractional part of a mill upon the assessed valuation of the state. This was an eminent service that no other man in the state other than Judge Orton could have carried through the legislature. It was not his fault that the railroads were not taxed an additional 1 per cent on their gross earnings."

"The sentiment for governor is not sufficiently crystallized to permit me to give an opinion. Ira B. Bradford was admitted to the bar in Monroe, which is a fact not generally known and some of our people feel kindly towards him."

## STREET CAR COMPANY SUSPEND BUSINESS

### CLOSE DOWN SUNDAY NIGHT FOR SEVERAL DAYS.

Will Be One Week at Least—Repairs to the Boilers and Machinery Will Cost \$300—Meeting of the Stockholders Was Held Yesterday Afternoon—Line is Paying.

Local street car patrons will be obliged to walk next week. And it may be longer than a week. Next Sunday night the Janesville Street Railway company will suspend business on all its line. The cause of the shut down is to give needed repairs to the boilers and machinery at the power house located in the Spring Brook addition. These repairs will be made by Beloit and Janesville mechanics and will cost about \$300.

Supt. Hurd stated yesterday that to complete these repairs will take at least seven days and possibly longer.

The line can now better afford to suspend than later with the opening of spring. The car line this winter has been in operation at all times irrespective of storm and cold weather. Supt. Hurd is to be congratulated in giving the people here such excellent service. The line this winter has been on a paying basis. No money has been made nor has the company run behind its daily expenses. Better summer service than ever is promised for the coming summer.

At a meeting of the stockholders yesterday the following old board of directors was reelected: George W. Blabon of Philadelphia; James Shearer, W. T. Vankirk, George M. McKee and P. S. Winslow.

The report of the secretary showed that the company had spent more during the past year than they had earned. About \$5,000 were expended in the way of new equipment and street work, and but for that fact the company would have made between \$4,000 and \$5,000 the past year.

## WHITE MEN TORTURE A NEGRO.

Kentucky Community Is Aroused Over the Crime of the Three Greers.

Benton, Ky., Feb. 27.—The story of a horrible crime has just reached here from the Little Cypress neighborhood, fifteen miles from this place, where John Thomas, an old and inoffensive negro was the victim of slow torture inflicted by three white men, James John and Joe Greer, Saturday night. The whole community is incensed over the outrage and there is much talk of lynching the Greers. According to testimony adduced before the coronor's jury, the Greers met old man Thomas in the road and decided that they "would have some fun with him." They first compelled the darky to drink a quart of whisky and a pint of wine. They then beat him into insensibility with sticks and after tying him to one of the wagons dragged him for several miles. The men then threw the old negro into a creek, dragged him out, and shot him three times. Then they hanged Thomas' body upon a fence in an out-of-the-way place and left it there. The corpse was found Monday morning and the inquest was held later in the day. Warrants were promptly sworn out for the Greers and Sheriff Wallace and a posse have left to arrest the accused. A fight is expected when the sheriff's party and the Greer family meet.

## WEIRD TALE FROM THE NILE.

African Traveler Tells of Volcanoes and Cannibals in the Interior.

London, Feb. 27.—Mr. Grogan, an African traveler who has been exploring the volcanic region in the neighborhood of Lake Tanganyika, found several active volcanoes which are discharging enormous streams of lava. One valley, forty miles by sixty, was filled in two years with lava to a depth sometimes of 100 feet. The devastation is indescribable. Forests and herds of elephants have been engulfed. The country is also victimized by a ferocious nomadic tribe of cannibals, called Baleka, from the Congo valley. They have almost depopulated what was formerly a densely occupied area. The raiders seem to have slaughtered recklessly. The streams are full of decomposing bodies, partly devoured, and the paths are sometimes lined with skeletons.

## Health, Beauty, and Grace for Woman.

## Dr. Greene's Nervura

## Blood and Nerve Remedy.

The Greatest Friend of Woman's Good Looks.

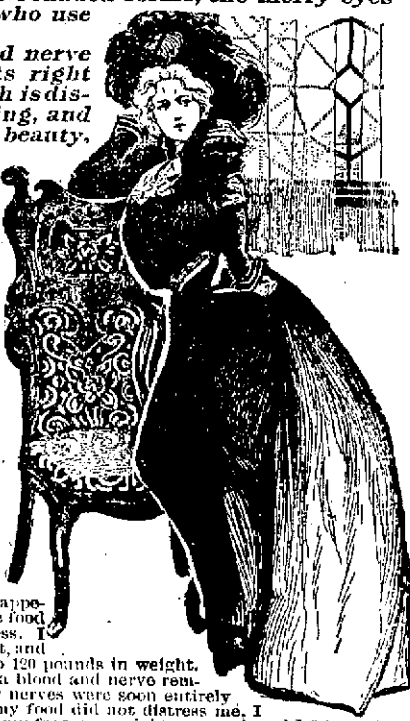

Good health means beauty and grace for women. You'll see it exemplified in the rounded forms, the merry eyes—the true BEAUTIFULNESS of all who use Dr. Greene's Nervura.

Dr. Greene's Nervura blood and nerve remedy produces its best results right now, in the spring, when old Earth is discarding her ragged winter clothing, and robing anew in fresh and fragrant beauty.

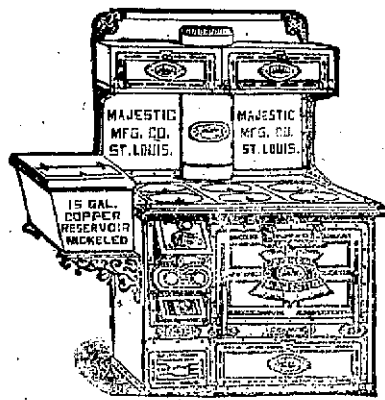

What Nature does for the earth, Dr. Greene's Nervura does for the dwellers of the earth. It makes them anew—thoroughly cleanses them, enriches, vitalizes, and reclothes them. The old diseased look slinks away into oblivion. The beauty of health replaces it. Back come vigor to the brain, grace and strength to the muscles, power to the body. Nervousness grows gradually less, weakness blossoms into strength, the sluggish appetite to a hearty one, the digestion works properly, and the health of youth is again a fact.

Mrs. Alice Dyson, 28 Hamlet Street, Fall River, Mass., says: "I suffered for five years with nervous prostration in its worst form. I had loss of memory, weak heart, causing extreme palpitation, was constantly tired, and obliged to lie down much of the time. For two years I had to be helped up and down stairs. I had loss of appetite, and was terribly distressed by what little food I could eat. I was afflicted with sleeplessness. I felt too tired to breathe, was white as a sheet, and was given up twice for dying. I got down to 120 pounds in weight. I commenced the use of Dr. Greene's Nervura blood and nerve remedy, and immediately began to improve. My nerves were soon entirely strengthened, my heart did not bother me, my food did not distress me. I could eat and sleep well, the color returned to my face, my weight returned, and I felt perfectly strong and well."

Dr. Greene, 25 West 14th St., New York City, is the most successful specialist in curing nervous and chronic diseases. He has remedies for all forms of disease, and offers to give free consultation and advice, personally or by letter. You can tell or write your troubles to Dr. Greene, for all communications are confidential, and letters are answered in plain, sealed envelopes.

## SULLAN SNUGS THE CZAR

Efforts of Russia and France to Make Trouble for England Fail.

## DEAL OPPOSED BY KAISER.

The Porte Yields to Wishes of Emperor and Refuses to Reopen Egyptian Question—Constantinople Reports Failure—He is Chagrined at His Want of Success.

Paris, Feb. 27.—Your correspondent has received from a high diplomatic source, not French, which is entitled to respect and credence, information which fully explains the gloomy forebodings of English statesmen a fortnight ago, and the consequent ineffectiveness of British successes in South Africa to revive public confidence in England. The words of your informant, as near as it is possible to give them, were as follows:

"The presence in Paris of M. Constans, French ambassador to Turkey, is generally attributed to personal reasons. The truth is he came to report to the government the issue of a grave mission on which he had been engaged at Constantinople. He had been endeavoring for several weeks, under instructions from Paris, to induce the sultan to reopen the Egyptian question.

"Russian influence supported M. Constans' efforts. The reports that the czar had resolved to deal gently with England are entirely misleading. He not only brought strong pressure on the sultan in favor of the French scheme but fought strenuously to secure important railway concessions in Asia Minor. Russian influence in Persia, moreover, is supreme, now that Russia has guaranteed the loan made by that country.

"Nevertheless, M. Constans was obliged to report failure. The sultan not only refused to lend himself to the schemes of the dual alliance, but ordered his agents to avoid raising difficulties in Great Britain's way. He assured Lord Salisbury he would not favor Russia's views in Asia Minor.

"The sultan's motive in refusing to support France and Russia was not fear of a further extension of Russian influence in Anatolia, and still less was he moved by affection for Great Britain. He was actuated solely by the wishes of Emperor William, whose influence in Constantinople is now greater than ever.

"M. Constans will soon return and renew his efforts, but he is chagrined by his failure. He has, indeed, intimated to his closest friends his desire for the premiership of France if M. Waldeck-Rousseau falls. This suggestion followed two or three recent votes in the chamber of deputies, which indicate that the tenure of the present cabinet is precarious. It is already in the air that there will be a Constans ministry before the exhibition opens."

## HELD FOR WIFE MURDER.

Michael Synon Believed to Have Committed Execrable.

Chicago, Feb. 27.—The dead and mutilated body of Mrs. Everell E. Synon was found by her husband, Michael Synon, late Monday night in a clothes closet off one of the wretched rooms the family occupy at 249 South Green street. The woman's skull had been fractured in several places, and there were a dozen gashes in her neck. Her head had been beaten out of all human semblance. The police worked rapidly on the case, and within an hour after the alarm had been spread among the neighbors Michael Synon, the woman's husband, was a prisoner at the Desplaines street police station. After several talks with Synon and an 11-year-old son, Lieut. O'Connor said that he would hold Synon for the murder. The police official learned that Synon and his wife often quarreled over his disposition to lose all of his wages playing policy. Synon admits he lost his money Monday at policy, and that he quarreled with his wife about it, but denies that he killed her.

Prof. Tripler's discovery—liquid air—has therefore passed the experimental stage and can now be profitably used everywhere for refrigeration and motive power, as well as in numerous other important lines. Its utility and practicability have been demonstrated beyond question.

Charles E. Tripler, President of this Company, is the inventor of the only practical devices for the production and utilization of liquid air on a commercial scale. He is not connected, directly or indirectly, with any other company, and is to liquid air what Thomas A. Edison is to electricity.

PRACTICAL USES. The cost of refrigeration in the United States is estimated at over \$150,000,000 annually, by the use of liquid air a saving of over one-half is assured.

As a simple instance, in the shipment of fruit from California, 55 gallons (500 lbs.) of liquid air per car will do the work of 5 tons of ice, with dry air instead of moist air, and will save more than \$100 per car in ice and its freight.

This means over a million dollars profit annually, and is but a very small fraction of the immense refrigeration and cold storage business of the country, as well as that of ocean steamships.

For motive power on land and sea, liquid air will produce as great a percentage of saving and relatively greater profits than for refrigeration.

A GOOD INVESTMENT. The directors now offer to investors one hundred thousand (100,000) shares of stock at Five Dollars (\$5.00) per share for the purpose of enlarging and equipping our present overburdened plant.

This is the first and only stock of this company which has ever been offered for sale to the public. The stock is full paid and non-assessable, and the stockholders are free from all liability.

The holders of stock in this, the parent company, will share in the profits resulting from the operations of the various foreign or local sub-companies, a large portion of the stock of which will be held by this company.

ITS PROSPECTS. GOOD FINANCIERS BELIEVE THAT THIS STOCK WILL SOON HAVE A CASH VALUE OF MANY TIMES ITS PRESENT PRICE; AND THAT THE EARNING AND DIVIDEND PAYING CAPACITY OF THIS ENTERPRISE WILL BE EQUAL TO THAT OF THE GREATEST DISCOVERIES HERETOFORE GIVEN TO THE WORLD.

THE PERSONNEL OF THE DIRECTORY ASSURES AN EFFICIENT AND ECONOMICAL MANAGEMENT.

## HOW TO LIVE LONG

Is the subject of a poem written by the philosophical Pope Leo XIII, who has attained more years than his allotted three score and ten, in which he advises:

"They meats be delicate and dairy fed, Tender and highly spiced thy food." That is the kind of meats we serve at all times, "delicate, dairy fed, tender beef, lamb, pork, mutton, veal—nutritious, delicious and tempting. Our wagons will call daily for your order."
